Prevent Wet Carpets!

Have your Plenum and drain cleaned and inspected for water buildup to avoid expensive damage to the interior of your Audi

\$59⁹⁵

The plenum is the area between the lower part of the windshield and the firewall. It can become clogged with debris such as leaves or pine needles. The debris will create a blockage in the passageway where the water should drain. When this happens the water finds it's way inside the passenger cabin

Present coupon when service order is written. CAN be combined with other coupons or specials.

Expires 8/31/2010 BCPLN

Timing Belt Package

A broken timing belt can cause extensive damage to your Audi. Consult your owner's manual for recommended replacement schedule. Includes...

\$200⁰⁰ OFF

- Replace water pump,
- Replace timing and drive belts
- Set timing and engine speed
- Inspect camshaft, and crankshaft seals

Present coupon when service order is written. Can not be combined with other coupons or specials.

Expires 8/31/2010 BCTB200
